

On November 2, 2023, the City of Tulelake submitted the 2023-2031 Housing Element to the California Department of Housing and Community Development (HCD) for a required 90-day review. The purpose of this review is for HCD to assess whether the housing element substantially complies with State housing law. All housing elements must undergo this review by the HCD.

In December 2023, HCD provided preliminary findings and comments to the City of Tulelake. In response to HCD's input, Chapter 2 and Appendix B have been revised. No other chapters or appendices have been revised at this time.

The revised portions of these appendices are shown with track changes: revisions are shown in ~~strikeout~~ and underline (NOTE: You will notice **RED** and **GREEN** strikethrough/underline text – **RED** indicates deletion/addition of text; **GREEN** indicates movement of text from one location to another location within the document).

HCD will issue their findings letter on or near January 31, 2024. The City will be able to again address HCD's findings by revising the housing element further as needed to ensure it complies with State housing law.

Revised Chapter 2 and Appendix B can be read and downloaded here:
