Greetings friends of Tulelake,

As wonderful as the holidays are it is nice to have them behind us and have life moving at a slower pace.

Time certainly goes by quickly especially during the holidays. It is hard to believe spring will be here in just a few short weeks. We could benefit from a lot more snow before spring is here. Keeping my fingers crossed we will receive much more needed moisture. We all depend on it.

With all of the recent improvements on main street things are certainly looking nice and fresh. The new wall on the side of the Marcha Theater really brightened things up.

I would like to send out a big thank you to the businesses that took the time and expense to improve their store fronts. Looking good I must say.

I would also like to thank all of the citizens that have taken pride in their properties and took the time to make many improvements and do some much needed cleanup. Every little bit helps. It takes a little from each of us to help improve the looks of our city. Our city park workers certainly do a wonderful job keeping our streets and parks in great shape. We do not say it enough but I thank each and every one of you.

The city continues to ask each citizen to do their part in cleaning up their homes and busi-

nesses. It only takes a few not willing to do their part to make the beauty of our city to go downhill fast. Let's all work together to make Tulelake a nicer and more beautiful place to live. Something I always think of when it comes to improving our city is not just the cleanliness and beauty of it but the kindness we show each other. Sharing a smile and kind words can put sunshine in someone's day. Let's all share some sunshine. Tulelake is a place I am proud to call home.

Penny Velador
 City of Tulelake Mayor.
