Re: Brownsfield Program Services

The City of Tulelake is soliciting "Request for Qualifications (RFQ's)" for Brownsfield Program Services. The City of Tulelake is a small town of approximately 1,000 in population with the majority of the populous being low to moderate income Hispanic families. The City is located four miles from the south central Oregon border. Most of the jobs for the city residents is with the surrounding agricultural communities.

Established in 1937, the City of Tulelake was once a thriving City and as times changed people moved on and left many old buildings in need of repairs or actual demolition. The City of Tulelake, along with Rural Klamath Connects, established the Tulelake Revitalization Committee and we are pleased to have made some progress in getting our downtown revitalized within the last four years. However, we are still in need of grants for EPA Assessment, Cleanup and/or Renovation of some of the old buildings built in the 1930's, 40's and 50's. Please see the attached RFQ for more information. The RFQ is available on our website at www.cityoftulelake.com as well. We look forward to hearing from you!

Sincerely,

A handwritten signature in blue ink that reads "Jenny Coelho". The signature is written in a cursive, flowing style.
